## INVITATION

Laser is a versatile energy source with wide application in gynaecology. It's a new area for many but also an outstanding field. One Day Hands-on Training cum conference for AESTHETIC GYNAE LASER is most in demand hands-on training course. Laser is the hottest topic among gynaecologists. To start it is an expensive affair whether it is training or equipment cost but the need of the time is to make it economical & reasonable. This is our first of its kind project towards the same. This course will help you to understand Laser and help in start using it. It is our sincere effort to give you complete exposure to the Aesthetic Gynae laser and to update you on the latest non-ablative laser & its applications. So, kindly join us with our team of Laser experts and learn the best techniques and technology about Laser.

Thanks & Regards

Dr. Sumita Prabhakar & Team Heager India
